DELIVERIES AND PERFORMANCE

I. TERMS OF INDEFINITE QUANTITY CONTRACT:

The duration of the contract is for a one (1) year period beginning with the date of the first order through one year thereafter. The Contracting Officer may extend the term of this contract for one (1) additional one year option period.

II. ITEM AVAILABILITY:

The contractor shall stock items in sufficient quantities to fill all ordering activity requirements. It is critical that items ordered be routinely delivered the second day after transmitting the order. Longer order lead time shall be accommodated for activities requesting delivery in three or more days from date of order.

III. POINT OF DELIVERY:

1. Deliveries shall be F.O.B. Destination to all ordering activities and delivery points. All items will be delivered to loading platform (unless otherwise noted), free of damage, with all packaging and packing intact. Deliveries shall be made anywhere between 5:00 AM and 5:00 PM, depending on the individual requirements of each customer.

2. Deliveries shall average three times per week to each customer, unless less frequent stops are agreed upon by the customer and the contractor. Certain customers, such as hospitals and other facilities serviced, may require more frequent deliveries due to such factors as less storage capacity. Saturday deliveries may occasionally be necessary, and can be agreed upon by the contractor and the customer.

3. Installation delivery routes and stop-off sequence will be coordinated and verified with the installations on a post-award basis by the contractor.

4. Contractors should be aware that projected feeding strengths at each military location are subject to fluctuations based on a variety of factors, i.e. seasonal increases/decreases in personnel, surges in personnel during crisis situations or troop transfers. The Customer Service Representative should maintain open communications with the base to be aware of these fluctuations and work closely with customers to provide the increased quantity and frequency of deliveries needed during these critical times.

5. All deliveries are subject to military medical inspection at destination. Delivery vehicles may be required to stop at a central location for medical inspection before proceeding to the assigned delivery point(s).

DELIVERY/PAYMENT SCHEDULE

A delivery ticket will accompany each delivery order citing order number, unit price, be itemized, extended, and totaled.

A copy of coding system and tare weight of the items to be delivered is requested by consignee.

Prices cited at delivery tickets for stores sites will be the prices at the time of order and not the prices at time of delivery.

All orders are subject to veterinary approval prior to delivery to the field and garrison mess halls.

Troop issue requirements: Tailgate Delivery

All deliveries exclude national legal holidays unless otherwise indicated.

(d) Delivery of the option quantities shall be at the same maximum monthly rate as prescribed in the schedule for the basic quantity awarded hereunder with the first delivery to be made within calendar days after the final scheduled delivery (30 days unless otherwise specified by the government), taking into account any written adjustment to the delivery schedule made by the government.

(e) if this contract is subject to clause 52.245-9P21, Firm and Flexible Sizes, the sizes for all deliveries of the option quantity shall be subject to change per paragraph (c) of that clause.

(f) If this contract is subject to clause 52.245-9P03, Provisions Relating to Material to be Furnished by the Government (C&T bailment System), and the offeror uses a percent (%) to express unit price(s) for the option(s) in the schedule, such percent (%) shall apply to the cut, make and trim (CMT) portion of the unit price(s) specified in the schedule for the basic requirement unless otherwise specified by the offeror.

(g) The following provisions apply only to negotiated acquisitions:

(1) If an option has been priced under this solicitation and is to be exercised at time of award of the basic contract, the submission of certified cost or pricing data shall be required prior to award where the combined dollar value of the basic contract and option exceeds \$500,000, unless an exemption thereto is appropriate in accordance with FAR 15.804-3.

(2) prior to award of any contract which will contain one or more priced options totaling \$500,000 or more, the submission of certified cost or pricing data covering the basic contract and the option(s) shall be required regardless of when the option(s) may be exercised, unless an exemption thereto is appropriate in accordance with FAR 15.804-3.

The \$500,000 threshold shall revert to \$100,000 after December 31, 1995; therefore, all subcontracts awarded after December 31, 1995, and or all changes or modifications made after December 31, 1995 shall be subject to the \$100,000 threshold.

52.217-9P04 SPECIAL PROVISIONS FOR BULK MILK DISPENSING EQUIPMENT (JAN 1992) DSCP

(a) General.

Regulations require that the cost to the government for bulk milk dispensing equipment must be identified and paid for from a different fund than the milk itself. Accordingly, unit and extended prices on each offered item requiring the furnishing of bulk milk dispensing equipment will be broken down and will state separately (1) the charge for the milk itself, and (2) the charge for the bulk milk dispensing equipment called for by that item. The dispensing equipment charge will include the cost of furnishing, installing, servicing, maintaining and removing such equipment. Evaluation of offers will be based on the total charge for each such item. By submission of this offer, the offeror certifies that the separate charges entered for such items represent the true and accurate charges for the milk and bulk milk dispensing equipment, and that the price offered for milk does not include any cost on account of bulk milk dispensing

52.217-9P04 (continued)

equipment. Dispensing equipment charge will be the per-gallon rate for equipment and services.

(b) Invoices.

Invoices covering items requiring the furnishing of bulk milk dispensing equipment must show separately for each such item the charge for the milk product furnished and the applicable charge for the bulk milk dispensing equipment.

(c) Computations.

(Applicable only in contracts which contemplate the use of both government-furnished and contractor-furnished dispensers.)

(1) Basic.

To the extent both government-furnished and contractor-furnished equipment is to be used in the dispensing of bulk milk required under this contract, the following dispenser charge procedures shall apply. In each case, the government shall give written notice to the contractor stating which of the consumption points will employ contractor-furnished dispensers exclusively. Such points shall be called "contractor dispenser points".

(2) Central Deliveries.

Where bulk milk is delivered to a central delivery point for redistribution by the government both to contractor dispenser points and to other consumption points, data shall be furnished by such central delivery point to the contractor stating the gallonage issued during the invoice period to contractor-dispenser points. Such data shall be the basis of invoicing dispenser charges.

(3) Direct Deliveries.

Where bulk milk is delivered to contractor dispenser points directly by contractor, delivery by contractor, delivery receipt data applicable to such points shall be the basis of such invoicing.

(4) Mixed-Equipment Points.

Where bulk milk is delivered either directly or through a central delivery point to any consumption point where any or all of the dispensers are furnished by the government, no dispenser charges shall be applicable to, such milk, except as provided below. Contractor shall not be required to furnish dispensers at any consumption point where any government dispensers are located, except as provided below.

(5) Urgency Exception.

Where urgent requirements, as determined by the ordering officer, necessitate the use of both government and contractor-furnished dispensers at the same consumption point, the minimum number of contractor-furnished dispensers shall be ordered in writing only and supplied to such point. In such case, dispenser charges (per line item) shall apply to that proportion of the bulk milk delivered to such point which corresponds to the proportion of contractor-furnished dispenser spigots to the total number of spigots at such point. (For example: If half the number of spigots used in dispensing chocolate milk at that point are contractor-furnished, half of the chocolate milk gallon age there shall be subject to the dispenser charge.)

52.211-9P38 PLACE OF PERFORMANCE (MAR 1999) DSCP

52.212-9P20 FDA COMPLIANCE (JAN 1992) DSCP

If any supplies acquired hereunder are recalled under the provisions of the Federal Food, Drug and Cosmetic Act, and regulations thereunder, the contractor shall, at the Government's option, either reimburse the Government, or repair/replace the recalled supplies. Additionally, the contractor shall notify the Contracting Officer immediately when a firm decides to voluntarily recall or withdraw any product from the marketplace. Upon notification by the Contracting Officer that supplies acquired hereunder have been recalled, the contractor shall either (a) accept certificates of destruction from the Government after the supplies have been properly disposed of, (b) request return of the supplies, or (c) if supplies may be repaired on site without transporting them from their location, furnish all materials necessary to effect repairs. Where contract modifications are issued solely for the benefit of the contractor, e.g., acceptance of nonconforming supplies or change in place of performance or delivery, the sum of \$100.00 (the government's administrative cost to process the modification) shall be obtained from the contractor in addition to any other monetary consideration.

52.246-9P31 SANITARY CONDITIONS (JAN 1998) DSCP

(a) Food establishments.

(1) establishments furnishing food items under DSCP contracts are subject to approval by the Military Medical Service or another agency acceptable to the Military Medical Service. The government does not intend to make any award for, nor accept, any subsistence products manufactured or processed in a plant which is operating under such unsanitary conditions as may lead to product contamination or constitute a health hazard, or which has not been listed in an appropriate government directory as a sanitarily approved establishment when required. Accordingly, the supplier agrees that, except as indicated in paragraphs (2) and (3) below, products furnished as a result of this contract will originate only in establishments listed in the "Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement", published by the U.S. Army Veterinary Command. Bread and bakery products from an establishment inspected by the American Institute of Baking need not be listed in the "Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement" if the contractor certifies in writing that the establishment is currently in good standing. If the establishment should lose their good standing with the American Institute of Baking, the contractor must notify the contracting officer and provide a new source of supply.

52.246-9P31 (continued)

(2) Establishments furnishing the products listed below and appearing in the publications indicated need not be listed in the "Directory of Sanitarily Approved Food Establishments".

(i) Meat and meat products and poultry and poultry products from establishments which are currently listed in the "Meat and Poultry Inspection Directory", published by the Meat and Poultry Inspection Program AMS, USDA. The item, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the official inspection legend or label of the agency.

(ii) Meat and meat products for direct delivery to military installations within the same state may be supplied when the items are processed under state inspection in establishments certified by the USDA as being equal to federal meat inspection requirements.

(iii) Poultry, poultry products, and shell eggs from establishments listed in the "List of Plants Operating under USDA Poultry and Egg Grading Programs" published by Poultry Programs, Grading Branch, AMS, USDA. Egg products (liquid, dehydrated) from establishments listed in the "Meat and Poultry Directory" published by the Food Safety Inspection Service. All products, to be acceptable, shall, on delivery, bear on the product, its wrappers or shipping container, as applicable, the official inspection legend or label of the agency.

(iv) Fish and fishery products from establishments listed in the "Approved List--Sanitary Inspected Fish Establishments", published by the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, National Marine Fisheries Service.

(v) Milk and milk products from plants having a pasteurization plant compliance rating of 90 or more, as certified by a state milk sanitation rating officer and listed in "Sanitation Compliance and Enforcement Ratings of Interstate Milk Shippers", published by the U.S. Public Health Service. These may serve as sources of pasteurized milk and milk products as defined in paragraph N, Section I, Part II of the "Grade 'A' Pasteurized Milk Ordinance, 1978 Recommendations of the U.S. Public Health Service", Public Health Service Publication No. 229.

(vi) "Dairy Plants Surveyed and Approved for USDA Grading Service", published by Dairy Division, Grading Branch, AMS, USDA.

(vii) Oysters, clams and mussels from plants listed in the "Interstate Certified Shellfish Shippers Lists", published by the U.S. Public Health Service.

(ii) Special dietary foods and food specialty preparations (except animal products, unless such animal products are produced in establishments covered by paragraphs (2)(i), (2)(iii), or (2)(iv) above).

(iv) foreign establishments whose prepackaged finished items are imported by distributors or brokers into the United States as brand name items and then sold to armed forces procurement agencies for commissary store resale.

(4) Subsistence items other than those exempt from listing in the U.S. Army Veterinary Command "Directory of Sanitarily Approved Food Establishments for Armed Forces Procurement", bearing labels reading "Distributed By", etc., are not acceptable

52.246-9P31 (continued)

unless the source of manufacturing/processing is indicated on the label or on accompanying shipment documentation.

(5) When the Military Medical Service or other inspection agency acceptable to the Military Medical Service determines that the sanitary conditions of the establishment or its products have or may lead to product contamination, the contracting officer will suspend the work until such conditions are remedied to the satisfaction of the appropriate inspection agency. Suspension of the work shall not extend the life of the contract, nor shall it be considered sufficient cause for the contractor to request an extension of any delivery date. In the event the contractor fails to correct such objectionable conditions within the time specified by the contracting officer, the government shall have the right to terminate the contract in accordance with the "Default" clause of the contract.

(b) Delivery Conveyances.

The supplies delivered under this contract shall be transported in delivery conveyances maintained to prevent contamination of the supplies, and if applicable, equipped to maintain any prescribed temperature. (Semiperishable supplies shall be delivered in a non-refrigerated conveyance.) The delivery conveyances shall be subject to inspection by the government at all reasonable times and places. When the sanitary conditions of the delivery conveyance have led, or may lead to product contamination, or they constitute a health hazard, or the delivery conveyance is not equipped to maintain prescribed temperatures, supplies tendered for acceptance may be rejected without further inspection.

52.246-9P32 FEDERAL FOOD, DRUG AND COSMETIC ACT - WHOLESOME MEAT ACT (JAN 1992) DSCP

(a) The contractor warrants that the supplies delivered under this contract comply with the Federal Food, Drug and Cosmetic Act and the Wholesome Meat Act, and regulations thereunder. This warranty will apply regardless of whether or not the supplies have been:

(1) Shipped in interstate commerce,

(2) Seized under either Act or inspected by the Food and Drug Administration or Department of Agriculture.

(3) Inspected, accepted, paid for or consumed, or any or all of these, provided however, that the supplies are not required to comply with requirement of said Acts and regulations thereunder when a specific paragraph of the applicable specification directs otherwise and the supplies are being contracted for military rations, not for resale.

(b) The Government shall have six months from the date of delivery of the supplies to the Government within which to discover a breach of this warranty. Notwithstanding the time at which such breach is discovered, the right is reserved to give notice of breach of this warranty at any time within such applicable period or within 30 days after expiration of such period, and any such notice shall preserve the rights and remedies provided herein.

(c) Within a reasonable time after notice to the contractor of breach of this warranty, the Government may, at its election:

(1) Retain all or part of the supplies and recover from the contractor or deduct from the contract price a sum determined to be equitable under the circumstances;

52.246-9P32 (continued)

(2) Return or offer to return all or part of the supplies to the contractor in place and recover the contract price and transportation, handling, inspection and storage costs expended therefore, provided that if the supplies are seized under either Act, such seizure, at Government option, shall be deemed a return of supplies within the meaning of this clause and thereby allow the Government to pursue the remedy provided herein. Failure to agree to any deduction or recovery provided herein shall be a dispute of a question of fact within the meaning of the clause of this contract entitled "Disputes."

(d) The rights and remedies provided by this clause shall not be exclusive and are in addition to other rights and remedies provided by law or under this contract, nor shall pursuit of a remedy herein or by law either jointly, severally or alternatively, whether simultaneously or at different times, constitute an election of remedies.

52.209-9P07 PRE-AWARD PLANT SURVEY (JAN 1992) DSCP

To determine the responsibility of prospective contractors, the Government reserves the right to conduct physical surveys of the plants which are to be used in the performance of a contract. In the event the Government is prevented from making such a survey by offeror or its proposed subcontractor, the offer may be rejected. As a part of the pre-award survey, the offeror may be required to obtain from its intended sources of supply, letters confirming availability of components, materials, machinery and tooling.

52.233-9001 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION (JUN 2001) DLAD

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here []. Alternate wording may be negotiated with the contracting officer.

The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of Offers.

Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3;
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for Acceptance of Offers.

The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product Samples.

When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple Offers.

Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

52.212-1 (continued)

(f) Late Submissions, Modifications, Revisions, and Withdrawals of Offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

52.212-1 (continued)

(g) Contract Award (not applicable to Invitation for Bids).

The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple Awards.

The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. (e) Suspension of payment. (1) Notwithstanding the provisions of any other clause of this contract, if, after receipt of the Contractor's EFT information in accordance with paragraph (b) of this clause, the EFT information is found to be incorrect, or, for payment after January 1, 1999, if EFT information has not been furnished, then until receipt by the designated payment office of the correct EFT information from the Contractor, (i) the Government is not required to make any further payment under this contract; and (ii) any invoice or contract financing request shall be deemed not to be a valid invoice or contract financing request as defined in the Prompt Payment clause of this contract.

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than the 30th day after its receipt to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the changed EFT information is implemented by the payment office. If such suspension would result in a

late payment under the Prompt payment clause of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(f) *Contractor EFT arrangements.* The Contractor shall designate a single financial agent capable of receiving and processing the electronic funds transfer using the EFT methods described in paragraph (d) of this clause. The Contractor shall pay all fees and charges for receipt and processing of transfers.

(g) *Liability for uncompleted or erroneous transfers.* (1) If an uncompleted or erroneous transfer occurs because the Government failed to use the Contractor-provided EFT information in the correct manner, the Government remains responsible for (i) making a correct payment, (ii) paying any prompt payment penalty due, and (iii) recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because Contractor-provided EFT information was incorrect at the time of Government release of the EFT payment transaction instruction to the Federal Reserve System, and -

(2) When payment cannot be made by EFT because of incorrect EFT information provided by the Contractor, no interest penalty is due after the date of the uncompleted or erroneous payment transaction, provided that notice of the defective EFT information is issued to the Contractor within 7 days after the Government is notified of the defective EFT information.

- (i) *EFT and assignment of claims.* If the Contractor assigns the proceed of this contract as provided for in the Assignment of Claims clause of this contract, the assignee shall provide the assignee EFT information required by paragraph (d) of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information which shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a

proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (e) of this clause.

(j) *Payment office discretion.* If, after submitting the EFT information, the Contractor does not wish to receive payment by EFT methods for one or more payments, the Contractor may submit a request to the designated payment office to refrain from using the EFT payment method. The decision to grant the request is solely that of the Government.

(k) *Change of EFT information by financial agent.* The Contractor agrees that the Contractor's financial agent may notify the Government of a change to the routing transit number, Contractor account number, or account type. The Government shall use the changed data in accordance with paragraph (e)(2) of this clause. The Contractor agrees that the information provided by the agent is deemed to be correct information as if it were provided by the Contractor. The Contractor agrees that the agent's notice of changed EFT data is deemed to be a request by the Contractor in accordance with paragraph (e)(2) that no further payments be made until the changed EFT information is implemented by the payment office.
